

true\_type

is\_integral< long >

```
graph BT; A[is_integral< long >] --> B[true_type];
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'true\_type'. The bottom box is gray with a black border and contains the text 'is\_integral< long >'. Two blue curved arrows originate from the top edge of the bottom box and point towards the bottom edge of the top box, indicating a mapping or conversion from the bottom expression to the top one.
