

gxx::schema::schema\_node

```
graph BT; A[gxx::schema::list] --> B[gxx::schema::schema_node]
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'gxx::schema::schema\_node'. The bottom box is gray with a black border and contains the text 'gxx::schema::list'. A blue arrow points vertically from the top edge of the bottom box to the bottom edge of the top box, indicating a pointer or reference relationship.

gxx::schema::list
