

true_type

```
graph BT; A[is_signed< char >] --> B[true_type]; A --> B;
```

The diagram consists of two rectangular boxes. The top box is white with a black border and contains the text 'true_type'. The bottom box is gray with a black border and contains the text 'is_signed< char >'. Two blue arrows originate from the top edge of the gray box and point upwards to the bottom edge of the white box. The arrows are positioned side-by-side, indicating a relationship or mapping from the gray box to the white box.

is_signed< char >
